

Dear Parents,

our children spend a lot of time at school and are influenced by the people, the climate, the classmates and the teachers. Through our activities we aim to positively support the framework conditions and thereby give the children a successful and a good school career possibility.

What are the tasks of the parents' association?

Promote joint activities such as:

- Organization and implementation of various celebrations
- Financial support for the children on project days/excursions
- Monthly fruit and vegetable snack for all children
- Support the school by purchasing various teaching aids and play equipment
- Support with problems in everyday school life and with securing the route to school

What does the membership mean?

Contribution in the form of a membership fee of €10 per school year and family.

Membership expires automatically at the end of the school year.

You support us if you:

- become a member
- support us at events
- donate money to the association
- become active in the association yourself

The parents' association is a not profit-oriented organization and is politically independent. It has one board of directors which is elected annually by parents and is responsible for activities and money management.

An active parent representation is an important link between school, parents and children.

Our

goal is a friendly and constructive collaboration with the director and the teaching staff at our school for the benefit of all pupils.

Therefore, we need your support!
